## urban legend

Artist Marcus Tremonto's City series for **TreLuce Studios** captures a nighttime metropolis in three-dimensional plastic, brass, and acrylic. Available in custom sizes, each piece features a unique design—patterning can be adjusted, courtesy of multiple setting options that include interactive switches. 646-613-1588; [mtremonto@treluce.com](mailto:mtremonto@treluce.com). circle 331
